Leopard Luxe Collection:

SILK KAFTANS

Available in both short and long versions, the kaftans merge the intricate beauty of Majolica, known for its Mediterranean roots, with stunning hand-painted leopard prints. The Majolica print, renowned in the fashion world for its bold, geometric motifs and vibrant colours, draws inspiration from Mediterranean ceramics. This timeless pattern has become a symbol of high-end resort wear, often seen on international runways for its ability to evoke a sense of luxury and exotic allure. When combined with the silk's natural sheen, the design is elevated to create a striking, luxurious drape. Available in five vibrant colourways: Red and Blue, Bright Royal Blue, Lime Green, Turquoise, and Bright Coral Red. Each kaftan is manufactured in Cape Town to the highest international standards, featuring a buttonstand with gold Bellezza buttons, and comes packaged in a silk pouch.
